Reopening
New York
What does it
mean for
you?

Even though
New York State
is to reopen
COVID-19 is still
here and is
staying around
for some time

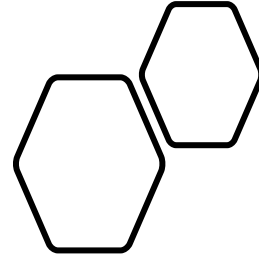

You need to still
do this

Social Distance

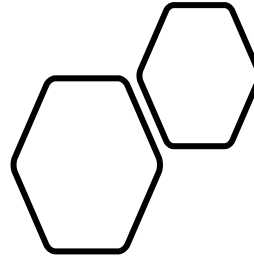

Wash your hands

Where a mask

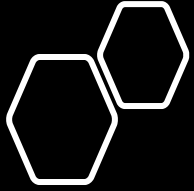

There are 7
Metrics

What are Metrics

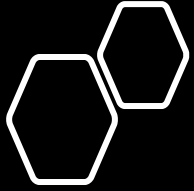

- Metrics is another word for steps
- Step 1
- Step 2
- and so on

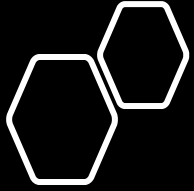

Metric
#1—Decline in
Total
Hospitalizations

Region must show a sustained decline in the three-day rolling average of total net hospitalizations (defined as the total number of people in the hospital on a given day) over the course of a 14-day period.

Metric #2—Decline in Deaths

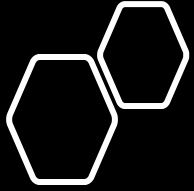

- . Region must show a sustained decline in the three-day rolling average of daily hospital deaths over the course of a 14-day period.

Metric

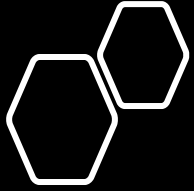

#3—New Hospitalizations

- Region must experience fewer than 2 new hospitalizations per 100,000 residents, measured on a three-day rolling average.

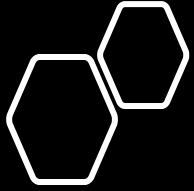

Metric
#4—Hospital
Bed Capacity

Regions must have at least 30% of their hospital beds available.

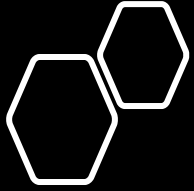

Metric #5—ICU Bed Capacity

Regions must have at least 30% of
their ICU beds available

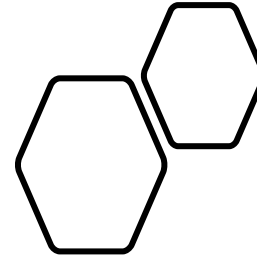

Metric #6—Diagn ostic Testing Capacity

Average daily diagnostic testing over the past 7 days must be sufficient to conduct 30 tests per 1,000 residents per month.

Metric #7—Contact Tracing Capacity

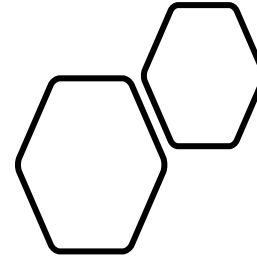

- Number of contact tracers in each region must meet thresholds set by the Department of Health, in collaboration with the Johns Hopkins University School of Public Health and Vital Strategies.
